

ANUSHRI KANHOLKAR

Data Analyst | SQL | Power BI | Excel | Python

Pune, India | +91 9545749632 | anushrikanholkar2@gmail.com | linkedin.com/in/anushri-kanholkar-a19383205

PROFESSIONAL SUMMARY

Data Analyst with 1.5+ years of experience across software development and business operations. Skilled in SQL, Excel, Power BI, DAX, and Python for data cleaning, data analysis, KPI reporting, and dashboard development. I turn raw data into clear insights that help teams make better business decisions. Looking for a Data Analyst role where I can apply my analytics and data visualization skills to real business problems.

TECHNICAL SKILLS

- **Programming & Databases:** SQL, SQL Server, Python
- **Data Analysis:** Data Cleaning, Data Validation, Data Quality, Descriptive Statistics, KPI Reporting, Report Automation
- **Visualization & BI:** Power BI, DAX, Power Query, Data Modeling, Data Visualization, Dashboard Design, Business Intelligence
- **Excel:** Pivot Tables, VLOOKUP, Formulas, Excel Reporting
- **Cloud & AI:** Microsoft Azure, Generative AI
- **Core Strengths:** Data-Driven Decision Making, Stakeholder Communication, Problem Solving

CERTIFICATIONS

Data Analyst with Business Intelligence Certification | Grow Data Skills Feb 2026 – Jun 2026

- Focus on business intelligence: SQL, Excel, Power BI, and DAX, with dashboard projects on real datasets.

WORK EXPERIENCE

Associate (Excel Reporting & Data Analysis) | WNS, Pune, Maharashtra Jul 2025 – Present

- Prepare daily and weekly Excel reports from operational data and deliver them on time.
- Clean and organize data in Excel using Pivot Tables, VLOOKUP, and formulas.
- Validate data, check for errors, and fix issues before reports are shared.
- Track key operational metrics (KPIs) and share results with the team.
- Handle ad hoc data requests and suggest small process improvements.

Software Developer | Dotcom Infotech Pvt. Ltd., Amravati, Maharashtra Jul 2023 – Oct 2024

- Wrote and optimized SQL queries, stored procedures, and database objects for a Campus ERP Examination Module, improving application performance and data accuracy.
- Built and maintained web applications using ASP.NET Web Forms, C#, SQL Server, HTML, CSS, and Bootstrap.
- Tested, debugged, and maintained the application to keep day-to-day business operations running smoothly.

PROJECTS

Olist E-commerce Customer Retention & Revenue Analysis | Power BI, DAX, Power Query, Excel

- Analyzed about 99K orders and 96K unique customers to understand revenue, customer retention, delivery performance, and review behavior.
- Cleaned and validated multiple datasets, fixing missing values, data type mismatches, duplicate records, and invalid geographic coordinates.
- Built a relational Power BI data model linking orders, customers, order items, products, sellers, payments, reviews, and category translations.
- Wrote DAX measures for Total Orders, Total Customers, Total Revenue, Average Order Value, Delivery Rate, Repeat Customer Rate, and Average Review Score.
- Key findings: ~13.59M total revenue, 137.75 average order value, 97.78% delivery rate, only 3.12% repeat customers, and a 4.09/5 average review score.

HR Analytics Dashboard | Power BI

- Built an interactive dashboard tracking employee attrition, department-wise performance, salary trends, and workforce demographics.
- Created KPIs and reports to support retention analysis and workforce planning.

EDUCATION

Bachelor of Engineering, Electrical Engineering Graduated 2022

P.R. Pote College of Engineering and Management, Amravati | CGPA: 8.2
